

## SPECIAL MESSAGE

# Highway Realignment Results in New Lot Sizing

Fort McMurray, Alberta, Canada – April 14, 2010

Due to Alberta Infrastructure & Transportation's (AIT) recently announced road plans for the Hwy 63 / Parsons Access Road Interchange, we have made some modifications to the TaigaNova subdivision.

These adjustments have resulted in the creation of smaller C4 (highway commercial) lots along the western edge of the development.

Please visit the [sales page](#) of our TaigaNova website for details.

Contact us if you would like to submit an application for purchasing a lot, or have any questions.
